- According to Najam Sethi, there were no bad intentions behind leaking the story because it was a message for the world that there are some Jihadi elements in Pak but we are trying our level best to tackle them. If Govt has leaked the info, the newspaper should not have published it. The issue would have not gained momentum if mil not reacted over it. I think that all stakeholders mishandled this issue.
- It is not the issue of breach of national security rather issue of power play. Big stakeholders want to promote their vested interest. On the name of national security they are

showing their power. This thing shows our historical distrust.

Mil as an institution doesn't like politicians.

Pregame discussed PML-N intra-party election, Panama leaks and Cyril Almedia story issues. Overall leaning was Obj.

- According to Kamran Shahid: Nawaz Sharif is again elected as President of PML-N in intra party elections. Nawaz Sharif has explained numeric about good governance. We will challenge the facts and figures of economy given by PM
- According to Haroon Ur Rashid: These political parties are not real political parties but dynastic groups. Nawaz Sharif became elected as President PML-N again but it is not democracy. During Musharraf's period foreign investment was \$13 billion now it is \$4 billion except CPEC.
- According to Tariq Fazal Ch: PM is elected as President of PML-N. A person from Baluchistan filed his documents for contest against Nawaz Sharif but he was not member of central committee therefore his documents were rejected.
- According to Ali Muhammad Khan: PTI for the first time conducted intra-party election from UC level to national

level. We are campaigning for Panama leak inquiry there we cannot conduct elections in the middle of movement.

- According to Kamran Khan, almost weeks have passed after Cyril Almeida's story but still govt is unable to find that who had feed the news. Mil ldrshp met PM Nawaz Sharif and raised their concerns regarding that particular news. Dawn story came at a crucial time when retirement period of COAS is near. On one side there is pol unrest while on the other side mil estb has concerns over Cyril Almeida's story to which they termed as breach of national security. Mil estb wants to know that who feed that fake story.
- Umer Chima said that today, Ch Nisar met PM Nawaz Sharif and PM ordered him to continue the investigation of Cyril Almeida's story. This time govt didn't establish any commission to probe into this matter. I dint think that this particular issue will conclude. The doubt is that civ side leaked the story.

- According to Musadiq Malik, PTI has failed to perform. PTI don't have any trust on institutions therefore they are protesting despite of that they filed petition in SC. Govt has stance that Cyril Almeida story is not leaked because it is a false fabricated story. ISPR also termed it as a false story and didn't blame govt. However, investigation in connection to Cyril Almeida's story is in its final stages.
- Saeed Ghani said that timing of PTI protest is very crucial; it might be possible that like past PTI are used by some other powers. Regarding Cyril Almeida's story Dawn NP is still stand on the authenticity of the story; it means that NP has some evidences. If govt has shared the details of meeting, they should have stood on it.
- According to Shah Mehmood Qureshi, PM Nawaz Sharif is under pressure because of PTI therefore he used such language

against PTI ldrshp. Federal ministers claim that they have ideal relationship with estb; I want to ask then to whom he is getting afraid. If PM has enough courage, he should clearly identify the name of that person on which signals PTI is acting. After 3 time rebuttal statement of govt official regarding Cyril Almeida's story mil estb issued press release in which they clearly said that it is a breach of national security; it means that mil estb is not satisfy with clarification of govt officials. Moreover, follow on of CCC identify that all is not well and tension b/w civil and mil ldrshp still exists. Our defense institution has got to know who is responsible for feeding of such a fake story.

- According to Dr. Shahid Masood, Ch. Nisar wanted to resign because he was not allowed to expose the culprits who feed the story to Cyril Almeida. But Shahbaz Sharif agreed him to sustain on his designation and continue the inquiry. Meeting of National Security cannot be scheduled until the culprits of the story are exposed before media. Mil knows the culprits but wants Civ ldrship to expose them itself. PM House, Secretaries and ministers are involved in feeding of the story. Ch. Nisar should arrest culprits before deadline of four days expire. PM should also finish this scandal before PTI locks down Isb. This scandal is more serious than corruption and portrayed neg image of Mil ldrship before Intl community, especially to India. PM is also unhappy over Judiciary.
